Challenges

מגן דוד אדום בישראל

- ❑ Scope of "crisis management" (criminal acts, accidents)
- ❑ "One hazard approach" ?
- ❑ Agreed upon threats and risks
- ❑ Prioritization of activities
- ❑ Cost efficiency
- ❑ Public acceptance
- ❑ Ethics and legal frameworks
- ❑ Public participation
- ❑ New participants (military)
- ❑ Flexible adaptable structures
- ❑ Dependency on technology

ACRIMAS workshop Rafalowski

❑ Cross border cooperation:

- ▪ Structures
- ▪ SOP
- ▪ Interoperability of equipment
- ▪ Scope of practice
- ▪ Level of services

❑ International assistance:

- ▪ "one European response"?
- ▪ Standardized units?
- ▪ Coordination mchanisms?

Challenges

- ❑ Cultural diversity

- ❑ Response by design?

- ❑ Media

- ❑ Social media

- ❑ Volunteers and third sector management

- ❑ The incident "fallout"

ACRIMAS workshop Rafalowski

❑ For real

❑ Cross border

❑ Multi dimensional crisis

❑ Measurable results

❑ Demonstrate that we do it better (more efficient / faster / cheaper / better survival)

❑ The target audience – decision makers **and** the "average" citizen
